**Navigate Staff Quick Guide**

# Navigate and Integration

With responsibility for leading on college IT systems, you'll know that it is essential that third-party software integrates seamlessly with other college platforms. With this in mind, we provide a number of single sign on options to make it as easy as possible for staff and learners to engage with Navigate.

## **Single Sign On Options**

During the 2019/20 academic year, Navigate will provide Single Sign On integration with the following college systems:

- ProMonitor (Advanced Computer Group Ltd.): Information regarding Navigate to ProPortal Single Sign On settings [can be found here](#).
- MyDay (Collabco Ltd.): Information regarding MyDay single sign on settings [can be found here](#).
- Canvas LMS (Instructure Global Ltd.): Information regarding Canvas single sign on settings [can be found here](#).

We can also develop alternative Single Sign On options with other internal and third-party college platforms.

It is likely that you'll also want assurances that Navigate is a secure, GDPR compliant platform. To this end, access to all data held by Navigation Learning Ltd is restricted by user account, permissions and passwords. The data itself is stored on dedicated servers in the UK with restricted access and limited network access based on role and permission groups. For more information about Navigate and GDPR please [click here](#).
