6. Change logic for Task Accountable user in the T Level Placement Administration dashboard

When a T Level Placement is reassigned to a new Placement Coordinator, any uncompleted tasks listed in both the **Tasks to be completed by** and **Accountable for monitoring task completion** columns will now be reassigned to the new coordinator.

	Administration Task	Task Type	Task to be Completed by	Accountable for monitoring task completion
Employer Compliance - Annex G				
	Employer compliance due diligence	Form Completion	Fern Maxwell	Jude Test Tutor
	Due diligence college review and approval	Form Approval	Jude Test Tutor	Jude Test Tutor

Completed tasks at time of reassignment of Placement coordinator will remain unchanged.

Where **Tasks to be completed by** or **Accountable for monitoring task completion** have previously been assigned to a member of staff other than the coordinator, the assignment will remain unchanged.

7. Included Save prompts on Targets to reduce unsaved changes being lost

A visual warning prompt now ensures students cannot move away from the Target page without saving any changes they have made.
